DIVISION OF BIOLOGY

November 16, 1959

Prof. J. Lederberg  
Department of Genetics  
Stanford University  
Stanford, California

Dear Josh,

When I last saw you, in September, I warned you that I was going to invite you down here to give a talk to our General Biology Seminar some time. This is the invitation, and I hope you will be able to accept.

The Seminar is held on Tuesdays at 4 P. M. The audience is a general one--representative of our entire Division. As of now, I have open dates in February, the first half of March, and most of May. I would appreciate hearing as soon as convenient whether you can come and, if so, which of these times you would prefer.

We can give you an honorarium of \$100 in lieu of travel expenses and, in addition, put you and Esther up at the Athenaeum as guests of the Division.

With best regards,

Yours,

A handwritten signature in cursive script, appearing to read "Norman", with a long, sweeping underline that extends to the left.
